Doosan Heavy Industries & Construction, established in 1962, develops thermal power plant, nuclear power plant, seawater desalination plant, casting and forging and construction in the Middle East, Asia, Europe and North America with a total of \$9.6 billion in revenue in 2012. Doosan has built over

400 nuclear, thermal and combined-cycle power plants. Doosan has proprietary technologies for all major three desalination types: Multi Stage Flash (MSF), Multi Effect Distillation (MED) and Reverse Osmosis (RO). The company has acquired Romania's largest casting and forging manufacturer, the boiler manufacturer Mitsui Babcock, and a Czech-based turbine manufacturer, Skoda Power. It has also established desalination R&D centers in Tampa, U.S., Damman, Saudi Arabia and Birmingham, UK. Doosan Infracore produces construction equipment, machine tools, engines, attachments, and utility equipment. Doosan Engineering & Construction, established in 1960, is in the field of engineering, construction, CPE, OSS(Offshore and Subsea Structures) and HRSG(Heat Recovery Steam Generator). *Doosan Daewoo Solar 170w-v Workshop Service Repair Manual*
